☎ +977 9825630086

📍 Kathmandu, Nepal

🐙 [Github](#)

## Career Objective

Aspiring Software Engineer with hands-on experience in MERN stack (MongoDB, Express.js, React, Node.js), Java, PHP, and MySQL, focused on building secure, dynamic, and responsive web applications. Skilled in frontend design and UI/UX principles using Figma, Canva, and Photoshop, with a strong emphasis on creating intuitive, high-performance digital solutions. Passionate about continuous learning, collaboration, and leveraging full-stack development skills to deliver innovative software that enhances user experiences.

## Projects

- Software Engineer - [PeakMA Gym Management System](#)
  - Developed a responsive PHP-MySQL gym management web app with secure login, session handling, and a clean interface using HTML, CSS, and Font Awesome.
  - Designed the database and integrated dynamic content via PHP for efficient member and admin management.
- Java Android Developer – [MealMate Application](#) (College Project)
  - Developed a Java-based Android app with Firebase integration for meal planning and grocery management, featuring secure authentication, real-time data sync, and Material Design UI.
- Full Stack Developer – [AI-Solutions Website](#)
  - Developed secure PHP-MySQL-JavaScript web app with CRUD admin dashboard, PHPMailer, and SSL deployment.
- Full Stack Developer – [Thinkboard](#)
  - Developed a full-stack web app using MongoDB, Express.js, React, and Node.js.
  - Implemented CRUD operations with RESTful APIs.
  - Built a responsive React frontend and integrated MongoDB with Mongoose.
  - Configured the app for production deployment.
- UI/UX Designer – [TMBILL, TopDealNepal & database integration Posters](#)
  - Designed and developed marketing, e-commerce, and database integration posters using Figma, Canva, and Photoshop, applying Material Design principles for consistent, user-focused layouts.

## EDUCATION

Bachelor of Science in Information Technology (BSc IT)

**University of Sundarland**

📅 2023-2025

📍 Kathmandu, Nepal

## SKILLS

- Programming & Frameworks: JavaScript, Java, PHP, Python (basic)
- Frontend: HTML, CSS, Bootstrap, TailwindCSS, React (basic)
- Backend & Databases: Node.js, Express.js, MongoDB (basic), MySQL
- UI/UX & Design: Figma (basic), Canva, Photoshop (basic), Prototyping, Wireframing, Responsive Layouts
- Tools & Platforms: Git, VS Code, Postman

## LANGUAGE

- English
- Nepali
